SUMMARY

Having 2+ years of experience in the Frontend Development and Backend Development field building web applications, creating and maintaining using React.js, Next.js, Redux, TypeScript, Node.js, Express.js, API, MongoDB, HTML, Tailwind CSS, JavaScript and wrapping web app into android and ios.

WORK EXPERIENCE

Ad Victoriam Marketing Solution Pvt. Ltd.

Aug 2022 - July 2024

- Designed and developed responsive landing pages using HTML, CSS, and JavaScript for both mobile and desktop.
- Converted Figma designs to pixel-perfect UI, focusing on performance and SEO.
- Improved page speed, responsiveness, and cross-browser compatibility.

Digital Wolf, Kolkata

Aug 2024 - Jun 2025

- Built ecommerce frontend using Next.js for fast and scalable performance.
- Developed an automated task management system (Node.js backend, Next.js frontend).
- Created static UI pages using HTML and Tailwind CSS, ensuring responsive and clean designs.

PROJECTS

Tutopia E-commerce Website Development

[Link to Demo](#)

Developed the frontend for an ecommerce-based learning platform using Next.js, featuring product listing, cart management, checkout flow, and online payment integration for purchasing smart notes, mock tests, video tutorials, live classes, and TV Box content.

Automated Task Management System (Node.js + Next.js)

[Link to Demo](#)

Built a task management web app with a Node.js backend and Next.js frontend, enabling teams to create, assign, track, and update tasks in real time. Added features like status tracking, deadline reminders, and role-based access, reducing manual follow-ups and improving workflow efficiency.
